About Us

Champion Sports has been manufacturing high-quality sports, fitness and physical education equipment for over 55 years.

Founded in 1961 by Bernard and Dolores Meller, Champion Sports originated in Bronx, NY. Bernard Meller crafted his first piece of sports equipment in his basement; the Leather Boxing Rope, handmade with wooden handles. Bernard and Dolores worked side-by-side to create and run the business; which at that time was headquartered in their apartment building's basement. While Bernard was busy handcrafting jump ropes; Dolores took care of the business's finances. Their tireless hard work led to further ideas, and those ideas manifested into the sourcing and procurement of a wide variety of products. In their ambition to expand further upon a dream, they decided to open their first location in lower Manhattan. Champion Sports became a household name within a family owned operation.

Our 200,000 square ft. expansive facility is known for its wide-ranging product selection, on-time delivery and in-stock levels of merchandise. Superior assortment, service and reliability became an identifier for Champion Sports throughout the industry. To further service our continually growing customer base we will be adding on to our infrastructure in the form of additional space, personnel and expansive resources. We are proud to continue our growth initiatives, progressing with our third generation operations.

At Champion Sports, we stand behind our products and ensure that we can foster an experience that fully aids you in reaching your desired goals. Champion Sports has you covered. We carry over 2,000 products tailored for the team and individual athletic market, fitness enthusiast, physical education programs and the educational market.

Above all, we value our customers and ensure that our high-quality products are always attractively and reasonably priced.

*We welcome dealers, institutional buyers and resellers of all types. If you have any questions or would like to inquire about becoming an authorized dealer or reseller, please contact us. Visit us at www.championsports.com

BASEBALL & SOFTBALL

The Champion Sports Magnesium softball fielder's mask is the lightest obtainable mask on the market. Weighing in at 8 oz, it is 30% lighter than any available mask and its molded magnesium frame provides enhanced strength while still maintaining its light weight. The narrower design stays close to the face and the maximum sightlines allow for a wider field of vision. This high-impact frame is unbeatable.

1. The ball is supported at about ground level so you can learn to kick field goals like the pros.

2. When practicing with a holder, flip the tee so the flat side is up and it's a 1" kicking block. The small projections make for a sure hold under any weather conditions. No slipping when wet. A fast, sure hold under game conditions.

3. In the orientation of mode 1, insert the tee into the plastic base to create A 1" kickoff tee.

4. In the orientation of mode 2, insert the tee into the base and it's a 1 3/4" kicking block.

FYI

- When you see this surface texture, you know you are buying an authentic TOE-TAL®, GROUND ZERO® or TRIPLEX® tee.
