WHY IS IT IMPORTANT TO HAVE A FIRST AID KIT?

Injuries happen, whether at work, at home, at games, on the road or with friends and family. You need to be ready for injuries. Medical staff may be present at games or tournaments but the rest of the time, it's up to you. Be prepared by having a first aid kit with you at all times!

KEEPING YOUR FIRST AID KIT STOCKED AND SAFE

Your first aid kit should be locked and kept in a cool, dry place out of reach of children. Supplies should be replenished immediately after use. To ensure your first aid kit is fully stocked, designate someone to check each kit on a monthly basis for outdated items or expired medications.
